TO THE STUDENTS OF DALE HIGH SCHOOL:

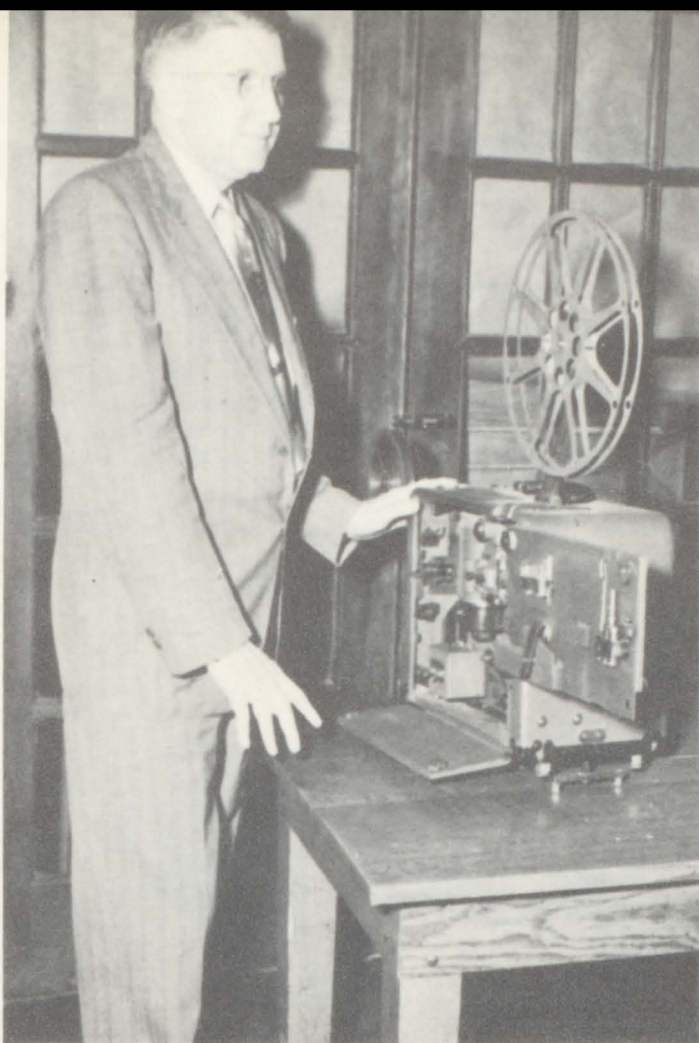

Dale High School faces the future with hope, courage and confidence.

In a world where the rights of men to worship God as they choose and to live as free men is being denied to an ever enlarging group, our school is the hope of the world of tomorrow. She challenges us, as free Americans to bear the torch of Christian faith and liberty throughout the world. She challenges her students, her faculty, and her Administrative officers to work cooperatively to build an Alma Mater worthy of all who look to her for an education.

It is our privilege and our responsibility to build our Alma Mater upon the principles of fidelity, integrity, mercy, justice, and faith in God and man. So we build our High School, our Alma Mater of Tomorrow, and to the achievement of these ends we dedicate ourselves.

Sincerely,

STUDENT COUNCIL

Dear Students:

The purpose of this letter is to explain briefly the purposes and aims of your Student Council. The Student Council is an organization made up of representatives of all the classes, who aid in directing school affairs, and student activities. The Council is responsible to the student body and reports its actions to the student body.

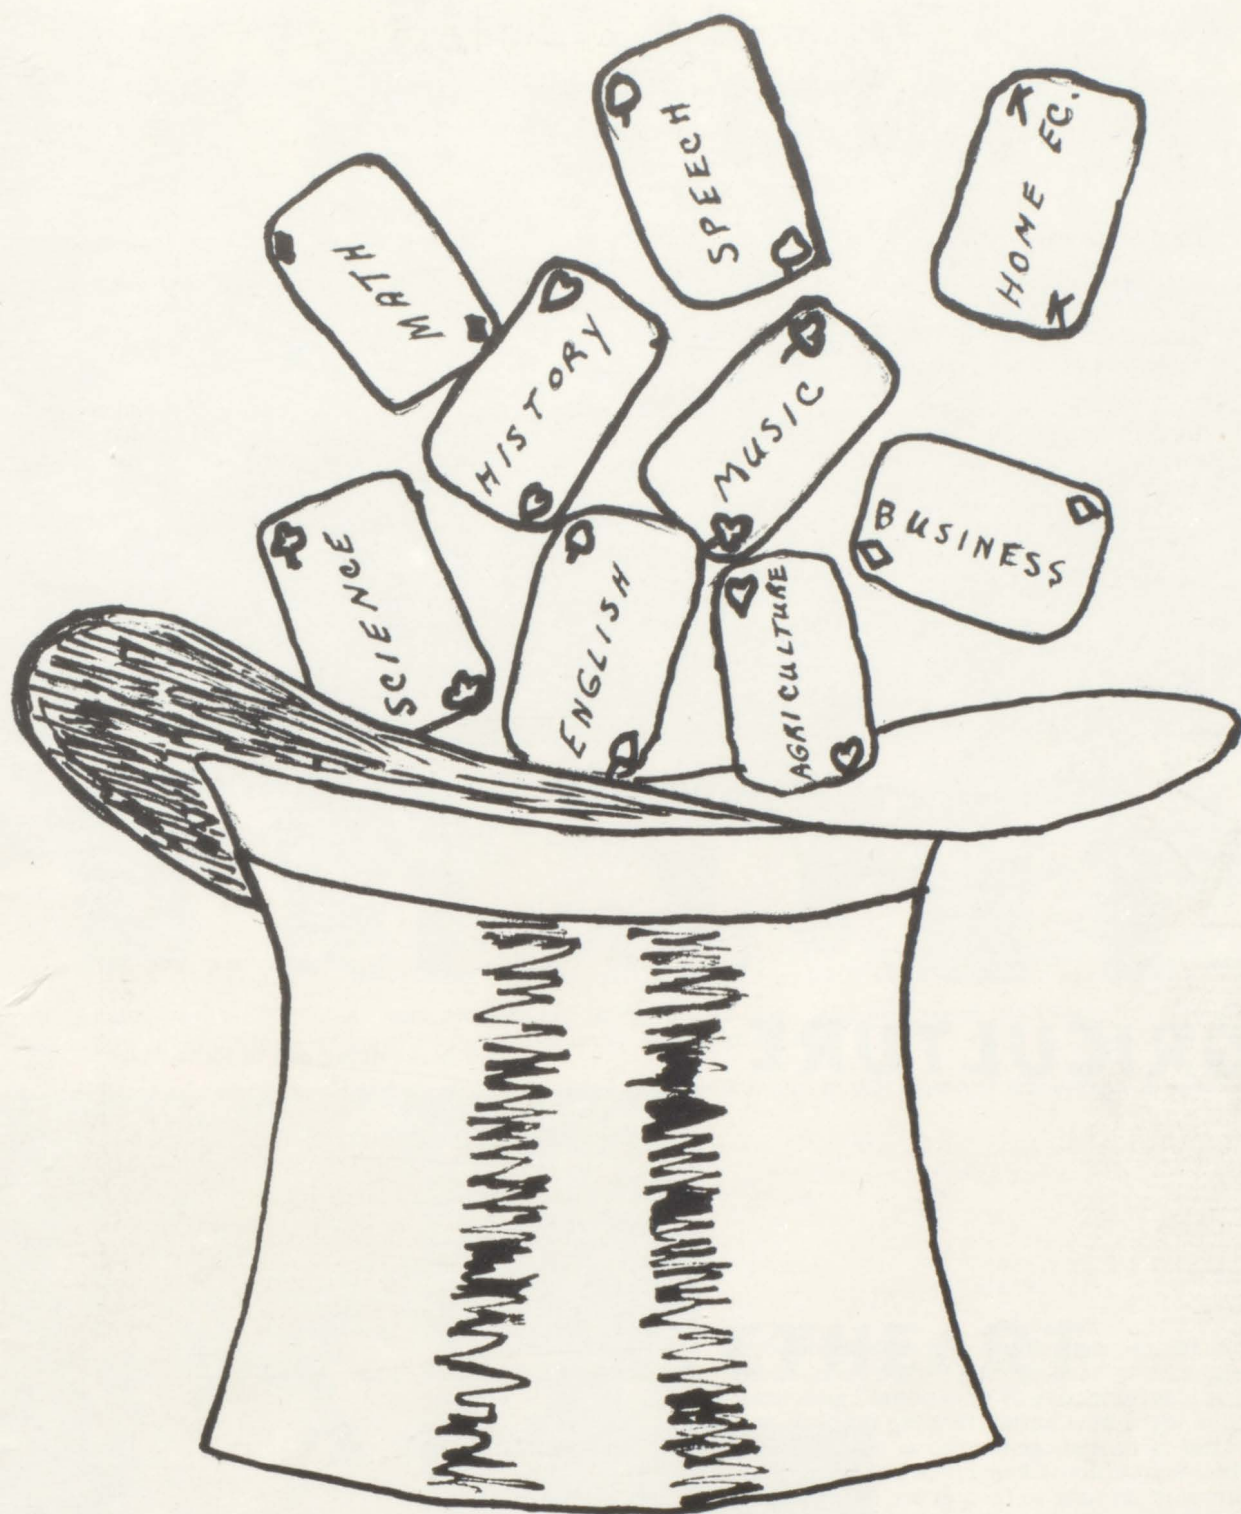

The main purpose of the council is to teach students self control, self government and democratic ways of living. Students form their character through the choices they make, the actions that they take, and the responsibilities that they accept. Student government also provides valuable experience in conducting meetings, and in debate and parliamentary procedure.

Sincerely,

Joseph C. Glegen

DEPARTMENTS

From the pleased expression on the faces of the Agriculture Boys they seem to be enjoying class.

AGRICULTURE

Mr. Beike doing one of those "jobs".

Vocational Agriculture is a subject for boys who wish to have farming as their occupation. The chief objective of Vocational Agriculture is to teach boys better farming methods and better farm management so as to succeed in their occupation. Records are an important factor in farming so records are kept on several livestock and crop projects by each pupil each year so students may learn how to keep records later on in life.

In 1953, there were 37 boys enrolled in Agriculture.

Mr. Beike taught Agriculture the first semester. The second semester Mr. Rosbottom assumed Mr. Beike's classes.

FUTURE FARMERS OF AMERICA

The Lincoln Chapter F. F. A. was reorganized in the fall of 1949, and at present has twenty-one members. Each active member must be enrolled in a Vocational Agriculture Class.

The primary aim of the Future Farmers of America is in the development of Agricultural leadership, cooperation, and citizenship.

SHOP DEPARTMENT

The Shop Department's aim is to train young men for most jobs that require a little knowledge in the basic fundamentals of carpentry. In spite of the limited facilities a great deal is accomplished in the time of a year. The Department has forty students enrolled at the present time, who are working on various projects, some are very intricate, thereby requiring much time and skill. It is a very progressive Department and shall continue to be so in the future.

The Explosion!!!!

DRIVER TRAINING

Driver Training was started as a part of our curriculum in the fall of 1947 and has been offered each year for the students qualified and wishing to receive proper instructions in driving fundamentals. Since its beginning there has been about 100 students who have taken the course. This year there are 26 enrolled. The car is a Ford and is being furnished by Conner Motors, Inc.

Mr. Livengood and Mrs. Upson "look over" a new Smith-Corona.

BUSINESS EDUCATION

The purpose of the commercial subjects is to contribute to the development of intelligent economic citizenship, as well as enabling students to acquire useful business skills important in everyday life. The curricular changes in the Department of Business made over the past few years indicate the attempt made to integrate the department with the new pattern of education.

ENGLISH

There were about 225 students enrolled in the Department of English at the beginning of the school year. The English courses stress the fundamentals, such as the history of the language, its grammar, parts of speech and composition together with much other data acquired in learning English and its proper usage.

The department is presided over by three teachers, Mrs. Josephine P. Stone who teaches Freshman, Senior English and Speech, Miss Irene McDaniel teaches both in the Freshman and in the Sophomore years. Mrs. Esther Hoops teaches a large class of Juniors in connection with her other duties.

HOME ECONOMICS

Miss Sadie Weedman, Teacher of Home Economics

Home Economic was, at one time, classified as one of the "frills" of education. Today home making courses have a definite and important place in all levels of education from primary grades through college. The purpose of homemaking in the schools is to help the individual live a more useful and satisfying personal, family and community life. Years ago the curriculum of homemaking education meant only cooking and sewing. Now it includes courses in the following areas of education:

1. Selection, preparing and serving of food.
2. Selection, care, renovation and construction of clothing.
3. Guidance and care of children.
4. Selection and care of the home and its furnishings.
5. Home care of sick, including first aid.
6. Maintenance of human and family relationships.

These courses enable the individuals to broaden their purposes and provide for greater self development. Thus home economics is an active and continuous process throughout school and life.

The officers of the F. H. A. are: President, Esther Kellems; Vice President, Beverly Hartley; Secretary, Beulah Meeks; Treasurer, Margie O'Daniel; Parliamentarian, Elsie Hartung; Historian, Julia O'Daniel; Editor, Tanny Clark; Song Leader, Joy McDaniel.

MATHEMATICS

From the beginning of our education system mathematics has been considered one of the three basic cornerstones upon which the whole superstructure is built. Our high school tries to meet the needs of all pupils for future endeavor. So we try to prepare some who choose to go to college or University for training in the sciences and engineering, while others are advised to become proficient in those subjects that will be of most everyday value upon leaving high school. However, in either event we hope the student will develop a habit of approach and thinking that will help him successfully solve life's problems.

SCIENCE

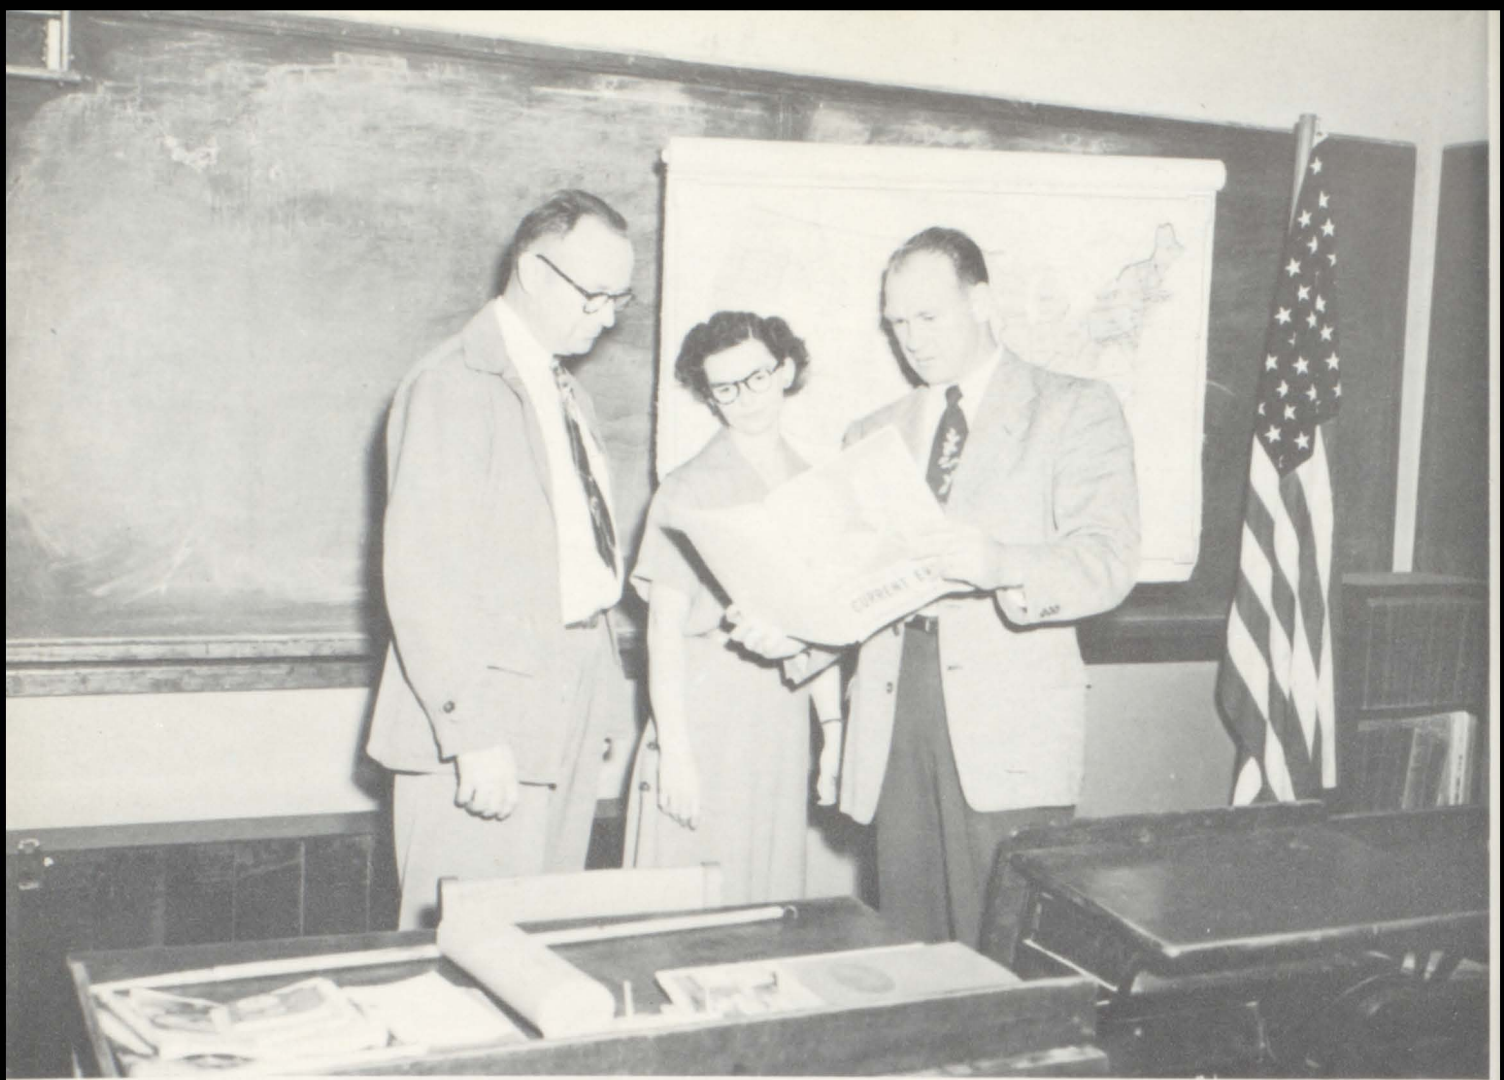

Science is the window through which all knowledge comes. It is the window through which the hidden secrets of the Creator are revealed to those who labor patiently and diligently to discover them.

Science has freed man from disease, want and many hardships. It has made the world a safer and a more desirable place in which to live. It has brought him into a better understanding of his fellow man and has given purpose to his knowledge which has brought him into a better understanding of God and eternity.

SOCIAL STUDIES

The aims of the Social Studies Department are:

- (1) To acquaint the student with accomplishments and ambitions of the preceeding generations.
- (2) To present wholly and unabridged, an opportunity for the development of an overall intelligent viewpoint of the contemporary events facing the world today.
- (3) To impress upon each student, that the value of good citizenship lies in the methods and habits developed in the process of accepting our democratic privileges and meeting our national responsibilities.

BOYS' HEALTH AND PHYSICAL EDUCATION

The boys' Health and Physical Education Department at Dale endeavors to present to the students, a wholesome recreational program, based on supervised activities and designed to co-ordinate the mind and body as one single unit.

This department has maintained a rather extensive program in inter-school activities, such as football, basketball, baseball and track. However on the intra-school level, the standard is maintained by competent instructors attempting to bring forth that which will be conducive to furthering the interest of each and every student through a broad interpretation and mass participation.

CHOIR

There are 29 members under the direction of Miss Durell. The Choir participated in the Evansville Choral Festival in October where nearly a thousand high school students sang under the direction of Mr. George Krueger of Indiana University.

They participated in the solo and ensemble contest at Evansville College in February.

BAND

Miss Nancy E. Durell

Band is a comparatively new organization at Dale High School, having been organized only 3 years ago. It is composed of 44 members and is under the direction of Miss Nancy E. Durell.

On October 11 they entered the State Band Marching Contest at Salem and placed First. On October 18, they participated in the Annual Band Day Activities at Indiana University where they performed with 3657 other High School Band members and Indiana Universities famous Marching Hundred.

The Annual Winter Concert was held on December 12 in co-operation with the Choir.

On December 4th, the Band Booster Club entertained the Band at a banquet at Glenn's Cafe.

Under the supervision of the Band Booster Club the Band has a full-time summer program, during which they gave three free outdoor concerts.

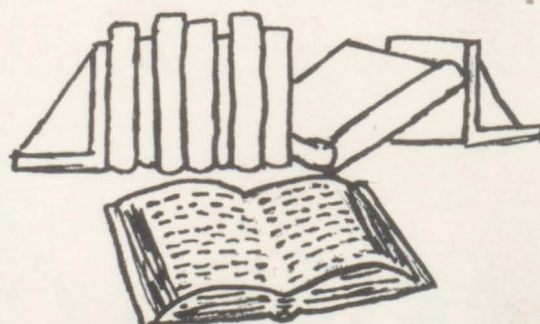

LIBRARY

The Library endeavors to develop general reading interests among students by means of open shelves and a bulletin board display of new book covers.

Miss Irene McDaniel, and Mrs. Esther Hoops, the librarians are assisted by student librarians; Agnes Schum, Mary Bockting, Sally Suhrheinrich, Joy McDaniel, Patsy Day, and Darlene Polster. Those now enrolled as students who have been library assistants are: Sharon Schwenk, Pearl Ferguson, Mary Leistner, Bertha Nord, Vita Birchler, Constance Dilger, Delene Foertsch, Mary Heim, Donna King, and Elsie Hartung.

Books are keys to wisdom's treasure
Books are gates to lands of Pleasure
Books are Paths that upward Lead;
Books are friends--Come let us read.

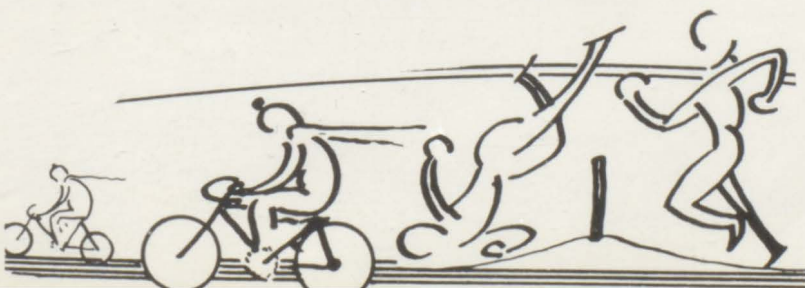

GIRL'S PHYSICAL ED.

Take a look into the history of Greece and Rome, mother of empires and ruler of seas, not because of accident but primarily because of their stress on physical fitness which is as true today as during past centuries. This eternal principle is no less true for the women of America. Physical fitness may be developed somewhat in the home, the field or on the job; however it may come too late in life. In Dale High School, we stress activities which will endurance, stamina, and skill thru tumbling, calisthenics, marching, square dancing, basketball, soccer ball, volleyball and many other stunts and games all of which promote a healthy body together with individual and group control.

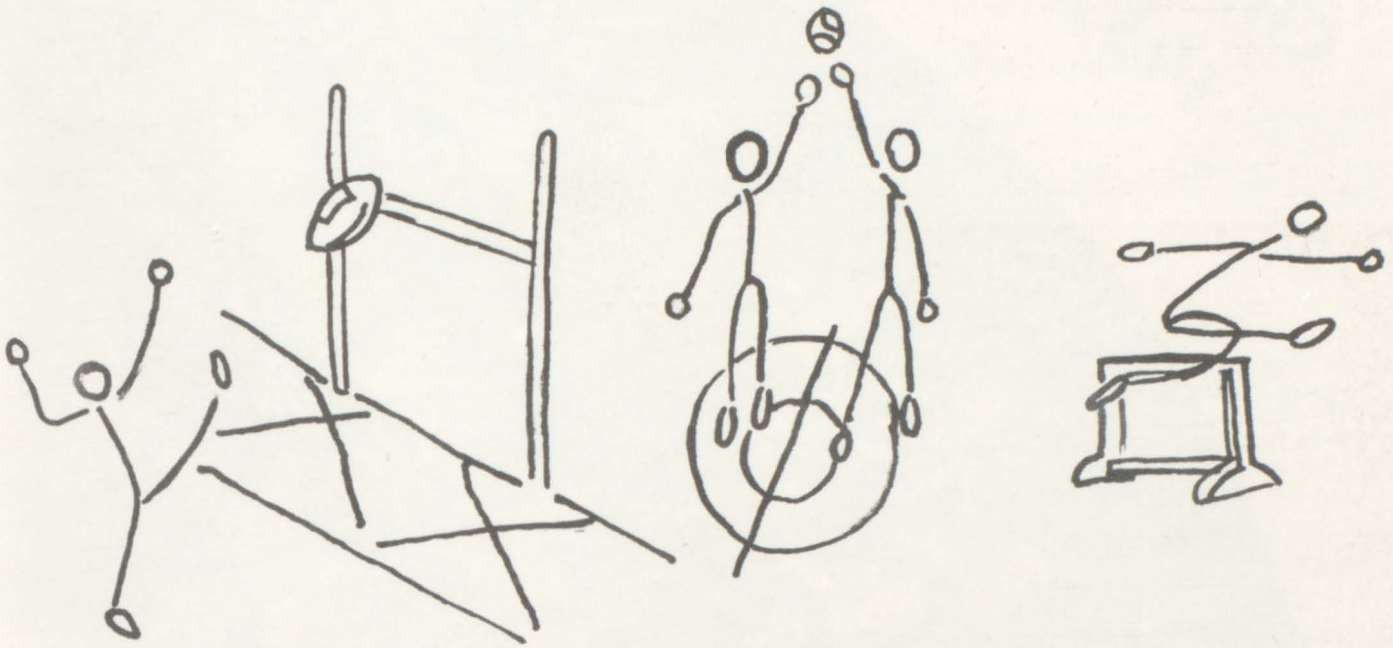

We have endeavored to elevate this department to a place where our girls have attained such perfection in the various activities that they are able to place before the public a program that is both instructive and entertaining.

**PAC
CHAMPS
1952**

ROCKPORT 28; ACES 18

The Aces in the opening game of the season were defeated by the Rockport Zebras 28-18 although the Aces took early leads of 12-0 and 18-8. Playing before one of the largest crowds in PAC history the Aces showed great potentialities. The offense was good and the blocking was commendable but that vital cog of tackling was not there. Hedges scored the first touchdown for Dale and LeRoy scored two more.

ACES 36; CANNELTON 14

Showing the same scoring punch but improved tackling, the Aces belted the Cannelton Bulldogs 36-14. It was the Aces all the way, as Crews ran wild scoring four touchdowns, Hedges and Creulich also scored for the Aces.

ACES 22; TELL CITY 22

The Dale Aces playing a very poor brand of football in the first half, rallied in the last half to gain a 22-22 tie with the slightly favored Marksmen of Tell City. Tell City was leading at the half 22-8. In the last half Hedges scored 2 touchdowns and had a dropkick for the tying margin.

ACES 38; OWENSVILLE 20

Playing good football the Aces trounced the Owensville Kickapoos 38-20 on the Owensville Gridiron. Featuring line plunging and strong downfield blocking the Dale team ran up a 20-0 score at the half. Hedges again was the scoring leader. Crews also scored in the last half.

FOOTBALL

The Dale Aces closed a very successful 1952 season by winning the second Pocket Athletic Conference Championship in D. H. S. history. The season record of the black and gold was a very impressive 7-1-1. After an early season defeat and tie, the Aces won 6 straight games under the expert coaching of Dutch Bailey who had his first successful season in four years of Coaching in D. H. S.

ACES 38; PETERSBURG 6

The Dale Aces played what was probably their best game of the season in trouncing the Petersburg Indians 38-6. The ends showed remarkable defensive improvement and were big factors in holding the Indians to one touchdown. Hedges scored three times and LeRoy had two touchdowns and a dropkick for the Aces.

ACES 54; RICHLAND 19

The Dale Aces, although being held to a 12-6 halftime lead blasted the Richland Red Devils 54-19. The small but tricky Devils surprised the Aces but couldn't keep pace with the strong Aces in the last half. Hedges scored 4 times, LeRoy 3, Lehl, and Huffman had 6 points on 3 dropkicks.

ACES 72; CHRISNEY 6

In what proved the largest total number of points scored by one time in the Conference this year the Aces blasted Chrisney 72-6. Hedges scored 6 touchdowns, Crews 2, Hunter, LeRoy and Suhrheinrich each had one in this runaway game. Roos, Sergesketter and True-love showed strong defensive ability in the Contest. Huffman again added 3 drop kicks for 6 points.

This is the second year this award has been given. Last year this award winner was Robert LeRoy.

ACES; 38 OAKLAND CITY 13

The Dale Aces although leading at one time had to rally to beat the Oakland City team 30-13. After the Acorns had taken a 13-12 lead in the first half, Hedges heaved a desperation pass of 60 yards which was completed to LeRoy to give Dale an 18-13 lead which was never challenged. In the last half, the Aces held the Acorns scoreless while Hunter and Hedges scored.

ACES 31; MOUNT VERNON 15

The Dale Aces won the PAC football crown of 1952 by beating the once beaten Mount Vernon Wildcats 31-15 at Mount Vernon. Hedges scored 4 touchdowns and Suhrheinrich one in the title game. Hedges played his usual fine offensive game and Roos and Truelove as well as Crews and Lehr in the defensive backfield.

ACES

The 1952-'53 basketball season held many early season disappointments as well as mid-season highlights. One of the highlights was the winning of the county tourney. This year's team defied the present day theory of fast-break basketball and developed into a defensive unit, often holding their opponents to very low scores. Using a set offense the Aces did at times use the fast-break. This year's team included several underclassmen who should carry on very capably in coming seasons.

HISTORY

On September 5, 1949, eighty "green" freshmen started their school life at Dale High School. Doris Cooper, Vice Pres. Nancy Glezen, Sec. Barbara Harper, Treas. Beverly Hartley. Student Council: Betty Conner, Doris Cooper, John Hedges, Jerry Whitten.

To start their school year right they chose the following leaders; Pres. Nancy Glezen, Vice Pres. John Hedges, Sec. Doris Cooper, Treas. Max Reinke. Their able sponsors were; Miss Weedman, Mrs. Upson, Mr. Bockstalher. Student Council: Nancy Glezen, Richard Roos, John Hedges, Doris Cooper.

They went to Evansville for their class party.

At last on August 29, 1952, fifty-one seniors came back to school to put the finishing touches on their high school education.

For this final year they chose the following officers to guide them. Pres. Nancy Glezen, Vice. Pres. John Hedges, Sec. Doris Cooper, Treas. Frank Lehr. Student Council: Nancy Glezen, Richard Roos, John Hedges, Doris Cooper.

The class welcomed Elva Grigsby, who had previously been a student at Reitz in Evansville.

SENIOR FACULTY TEA

The traditional Senior-Faculty Tea, sponsored by the Sophomore Home Ec. Girls under the supervision of Miss Weedman, was served on December 19, 1952, in the Home Ec. Room.

The room was beautifully decorated in keeping with the Christmas spirit.

While we ate our delicacies and drank our punch we were entertained by a group of sophomore girls, who sang Christmas songs, and by the merry antics of jolly Santa Claus himself.

CLASS WILL

We, the Class of 1953, in forty-nine individual and distinct parts, being about to pass out of this sphere of education, in full possession of a crammed mind, well-trained memory, and almost superhuman understanding, do make and publish this our last will and testament.

To our dear faculty, who have been our instructors in all the wisdom of the ages, we bequeath, a sweet and unbroken succession of restful nights and peaceful dreams.

To the freshmen we will any stubs of pencils, erasers or scraps of paper that we may inadvertently leave behind us in the excitement and haste of gathering up our cherished treasures for the last time.

To the sophomores we leave our seats in the senior room. Hoping they endeavor to fill them as advantageously, as promptly and as faithfully as we have done.

"JUNE GRADUATE"

The Seniors presented their class play "June Graduate", under the direction of Mrs. Josephine Stone on March 27, 1953.

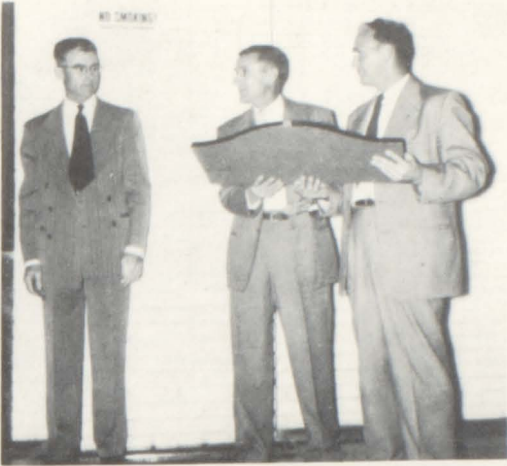

June Graduate, a comedy-drama in three acts, is a gripping story of a boy, Bob Gardner, who loses himself and almost his whole future, that of a college education, but finally seeing himself--and his future --in a new light and admitting his mistakes, he "finds" himself by at last facing realities. He breaks his engagement with Agnes and goes to college with the "gang."
