# Boys Tennis

## 2015-16 Season

When asked what his favorite things about tennis are, Keith Woolems (Senior member of the HHHS varsity boys tennis team) will tell you that he enjoys how mentally taxing it is. "That sounds odd," he said, "but it keeps you on your toes and really presses you to be your best on and off the court." That optimistic outlook on the sport really helped the Patriots wind up with a winning season this year - A 9-5 overall record and a 6-2 record in conference play. So how does a coach improve a team like that? "Besides just improving on the basics, I would say this team did extremely well this year," says coach Brian Oxley. "We had good leadership from our seniors and some of our younger players were able to step up for us." So what does a returning varsity singles player like most about playing tennis? As Sophomore Cameron VanWinkle put it, "I like that it is a sport where it's all about you, how you play. Since i play singles how i do that year is entirely up to me and not anyone else, so if i win i know i did it, and if i lose then i know it was my fault. Yes we win and lose as a team but to do that it really just comes down to yourself." As far as next season goes, Coach Oxley is optimistic. "I am expecting to have another solid team next year. We will be returning 5 players who saw some type of varsity action." So for now, that's game, set, match, Patriots!

Sophomore Victoria Nelson shares with us her feelings on the sport itself, "I love that it can be a relaxing sport, but at the same time it can also be frustrating, so you really do have to work at it a lot and practice. I also like that you get to meet lots of new people when you play with other schools!"

Caroline Guth throws up duces after an exhausting match.

## Coach Jochim

Asking Coach Jochim what his thoughts were on the last season for the Lady Patriots, he gave us some very positive feedback, "I think we had a very successful season. We set new team scores, we had two girls advance to regional and had several individual achievements." However, coach did think they would need some improvements for the team. "As always, the areas of improvement would be to continue to get better around the green and putting." Jochim claims he would also like to see some more players next year as well as the underclassmen that were involved in this last season. Finally asking our coach what his thoughts were on the team itself he gave a good insight for our girl golfers, "The good chemistry of the team and the look on their faces when they hit a good shot or had a good round."

## Coaches' Point Of View

When questioned about the outcome of this year's season, both coaches had very positive feedback. "I feel this was another successful season," stated Coach Ayer. "Areas that could use the most improvement would just be acting more aggressively with the dives in meets." Similarly, Swim Coach Phil Bradley said, "This was a very rewarding season with new approaches on our conditioning, weight lifting, and swimming. It was great to see everyone step up at PAC's and Sectionals, but I would still love to see everyone step it up even more next year and put more of an effort towards everything we do."

## 200 Free Relay: State

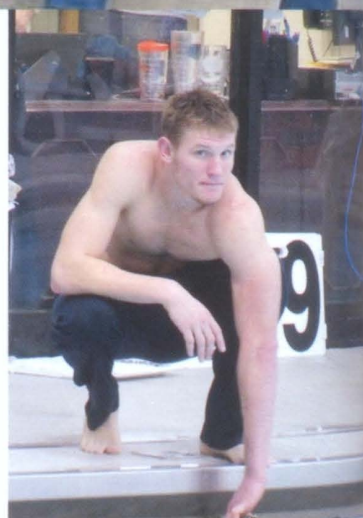

This 2015-2016 season, our boys' 200 freestyle relay team advanced to the state competition. As shown below, a majority of the girls' team tagged along and showed their support.

"I have never went to State in any sport or activity throughout my 4 years of High School, and I'm glad I got to experience it with these guys. When I first joined swimming, I had no idea I would be going to state. So it was a great surprise!"  
-Jack Fischer

" I love the team. I love getting to share new personal records and the pain of swim practice with people who aren't just friends, but family. "

-Samuel Martin

Boys' 200 yard freestyle relay wins the event at PAC's, beating Pike Central.

Jack Patmore dives into the 100 yard freestyle, ending with a quick second place.

## Diving State

Swimmer and Diver Austin Schnuck stands proudly atop the blocks, flashing his 1st place PAC Diving medal.

Austin also went above and beyond, going on to compete in the State Diving Competition and placing 28th.

"My favorite things about swimming are the friendships that we make. We practically become sisters during swim season. We fight, we share stuff, and we build each other up. "  
~Hannah Blake

**Phil Bradley & Gary Ayer** Interviewing both coaches to get their opinions, Coach Bradley tells us, "This season was very rewarding. It's a very different team compared to what we had last year. We took a very different approach to many aspects of our season. I think that by the end of the season, all the new approaches had paid off very well." Although many members of the girls team had cut a significant amount of time over the course of the season, Bradley still admits that changes need to be made to improve the outcome of next year's season.

Coach Ayer describes to us his view of the girls diving season, "We started the year wanting to build on what we accomplished last year." Ayer also tells us there were quite a few good memories he'll remember from this season, "Kaleigh's singing and dancing, of course, but also just the overall improvement from all our divers."

Students interacted with fellow beta members to enhance leadership skills, share service ideas, and develop life-long relationships.

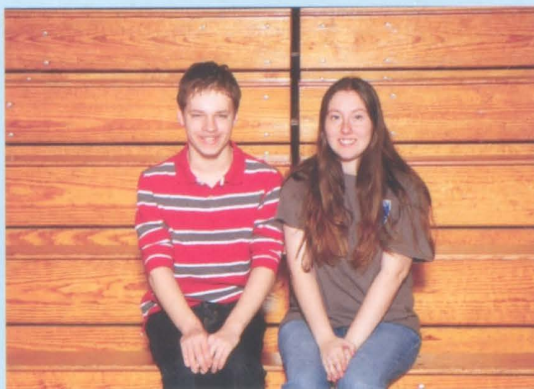

"My favorite memory from this season is showing up to practice and just seeing the look on the athletes faces. They are all so sweet to see you."  
-Savannah McCutchan

Even with many meet days canceled due to rainy weather, the majority of the athletes did an outstanding job at the events they participated in.

"I can say that there were a lot more volunteers this year than last year and all the help has been amazing. Optimist club has been the main supplier for volunteers."  
-Abigail Winkler

Mrs. Buffington was the woman in charge when it came to the practices and the competitions, making sure everyone was doing what they needed to do and double checking all the events that were occurring.

"Some of my favorite memories are when Patrick and Lee would race in the 800 Meter walk along with the athletes competing to hit the building with softballs"  
-Jack Patmore
