A short distance from Heritage Hills is a cabin similar to the one Abraham Lincoln lived in during his fourteen years in Indiana. Here, in contrast to our highly advanced facilities, Lincoln studied before an open fire. We look to this cabin site as part of our heritage and to Abraham Lincoln as our inspiration.

# Reach For The Stars

Each year a school must experience growth to maintain a standard of success. Heritage Hills complies to this rule with academic, artistic, and athletic accomplishments.

In the area of academics, Heritage Hills expanded its curriculum to include an additional foreign language class, to make three in all. Computers and computer classes have been integrated into the traditional learning process. Industrial arts students may prepare for the future as mechanics because auto mechanics has been upgraded to a three hour class. Each improvement is made to give the edge to Heritage Hills students in preparation for future careers.

Artistic talents are practiced and expanded as students grow as individuals and learn to interact in music, drama, and art.

As academic quality improves, the Patriot sports' program continues to be known by its strong, competitive reputation. This reputation remains untarnished as athletic teams captured conference championships and set new school records. In fact, each championship or new record is a lasting memory in the ever going fight for improvement in the chain of lives that pass through our halls.

Enjoy the moments we have captured within these pages. When you have finished, perhaps you, too, can understand why we have such Patriot pride; we have much to be proud of. When those around us say that the sky is the limit, we, the Patriots, reach for the stars.

## OPENING

# Student Stars Shine Bright

Webster's Dictionary defines a "star" as an outstanding performer or someone talented in his/her field. However, a star isn't always the outstanding performer. We believe each student shines if he attends school to do his best, whether in the classroom or on the athletic field.

# The Stars Come Out At School

Each school day our students, teachers, and administrators unite in the pursuit of excellence. Students attend classes, take notes, listen to lectures, and study for hours. Teachers work many hours preparing lesson plans, lecturing during classes, and counseling students. Administrators schedule classes, maintain discipline, and spend many hours on other duties.

# Various Activities Make Well-rounded Students

Students do more than study and take tests. They form friendships—some that end at graduation and some that last a lifetime. They have fun at convocations, banquets, and ballgames. Furthermore, they learn responsibility and cooperation, valuable assets to use after school.

# Senior Class

What is it that the 1983 seniors have in common? We were born at a certain time, attended Heritage Hills, and created memories that we can take with us as we begin our independent lives. Some friendships formed in these four years will be enduring, some dimmed with years, and some ended. Graduation day will mark the birth of the class of 1983. We'll be free to do what we will because old ties will be broken. We have learned to do things by ourselves. We will discover new friends, but we always remember the times shared, school events experienced, and a wealth of memories sharply developed and ready to go.

Officers: Julie Prusz, secretary; David Roos, president; Leann Waninger, vice-president; and Steve Otto, treasurer.

# SCHOOL LIFE

## School's Adventure

School is a great adventure;  
Each day is a new surprise.  
Listen to your teachers,  
And they will make you wise.  
Learning is all around you,  
So open your ears wide.  
Let the knowledge come right in,  
And you'll feel good inside.

School is a great adventure  
For those who will explore.  
They will have the knowledge  
That they've never had before.  
And if there is a problem  
That they don't understand,  
I'm sure that the teachers  
Will lend a helping hand.

School is a great adventure  
Each day that passes by.  
It is a field of knowledge  
As broad as it is high.  
Beyond all comprehension  
Your homework may bring tears,  
But day by day your school life  
Makes  
A ladder of the years.

# Cross Country Runs to Third Straight Conference Championship

## David Roos Qualifies for Semi-State

The cross country team has a lot to be proud of, with an outstanding season of 50 wins and 16 losses. This year the team set certain goals and accomplished all of them. They won the P.A.C. and three fourths of their meets. The team placed third in the sectional and went on to place sixth in the regional. They placed higher in the sectional than any previous team in the school's history. They won a third straight P.A.C. crown, which is a school record. In addition, David Roos qualified for semi-state, only the second runner in the school's history to accomplish this.

# Girl Swimmers Reach Another P.A.C. Title

## Grundhoefer Goes to State

Dominant is the word that best describes the girls' swim program. Since the conference began the conference swim meet six years ago, only one team knows the thrill of winning the championship trophy. Of course, this distinction belongs to the H.H.S. girls' swim team.

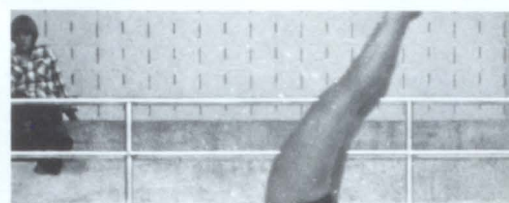

Coach Russell commented, "We accomplished three goals this year. First, we won the conference crown. Second, we qualified an individual for the state meet. Third, we placed in the top five at the sectional. I wasn't very happy with our 5-6 season record, but it was a successful and rewarding season. Also, I was happy that Barb Wetzel finished undefeated in the backstroke, and it was great for Carla to be able to qualify for the state competition in diving. It's a nice feeling to be able to work with such a willing group of girls."

Boys' tennis deserves a volley of cheers for setting three new school records. The varsity tennis squad earned its most wins ever in a season (seven) and finished higher up in the P.A.C. than ever before (second place). The junior varsity squad finished with a record number of wins (nine). The Patriot netters accomplished this after many hours of practice and conditioning.

The netters were a very young team. Jade Hirt was the only senior on the squad. Therefore, next season should be exciting.

# J.V. And Freshmen Have Winning Season

## Frosh Go Undeclared

Junior varsity football finished on top this season with a 3-2 record. Coach Philbin said, "A winning season is always fun. We lost two games that we were capable of winning. We had two games that were cancelled, so we could have done even better."

Coach Philbin hoped that they will be ready to replace the great seniors who played this year. Also, he thought that the season was enjoyable but not long enough.

The freshmen Patriots had an extremely successful season. They had an undefeated season by rolling over four opponents. Coach Schriefer commented, "We played four games, but in only one game did a team come within one touchdown. The freshmen started with twenty-five players, which is the largest group of freshmen ever to play here. If these freshmen continue to stick together, they should help the varsity continue the huge success they've already had."

Although the varsity only had four wins this season, the team made the best of them. Three of the winning games were conference games of higher importance. The team's coach, Russ Neuman, states that although the team record was 4-12, they were not beaten badly until their sectional. Also, the varsity will have six lettermen returning, who are Sherri Fella, Rocky Kirby, Julie Hunter, Tina Bettag, Connie Jochim, and Martha Kern. The team was disappointed with their record, but with losing only four seniors and having six lettermen returning, the future looks bright.

1. Lynn Duss and Chris Hendren spike a winner. 2. Julie Hunter dives for the ball. 3. Sherri Fella returns a serve.

# Wrestling Team Makes Comeback

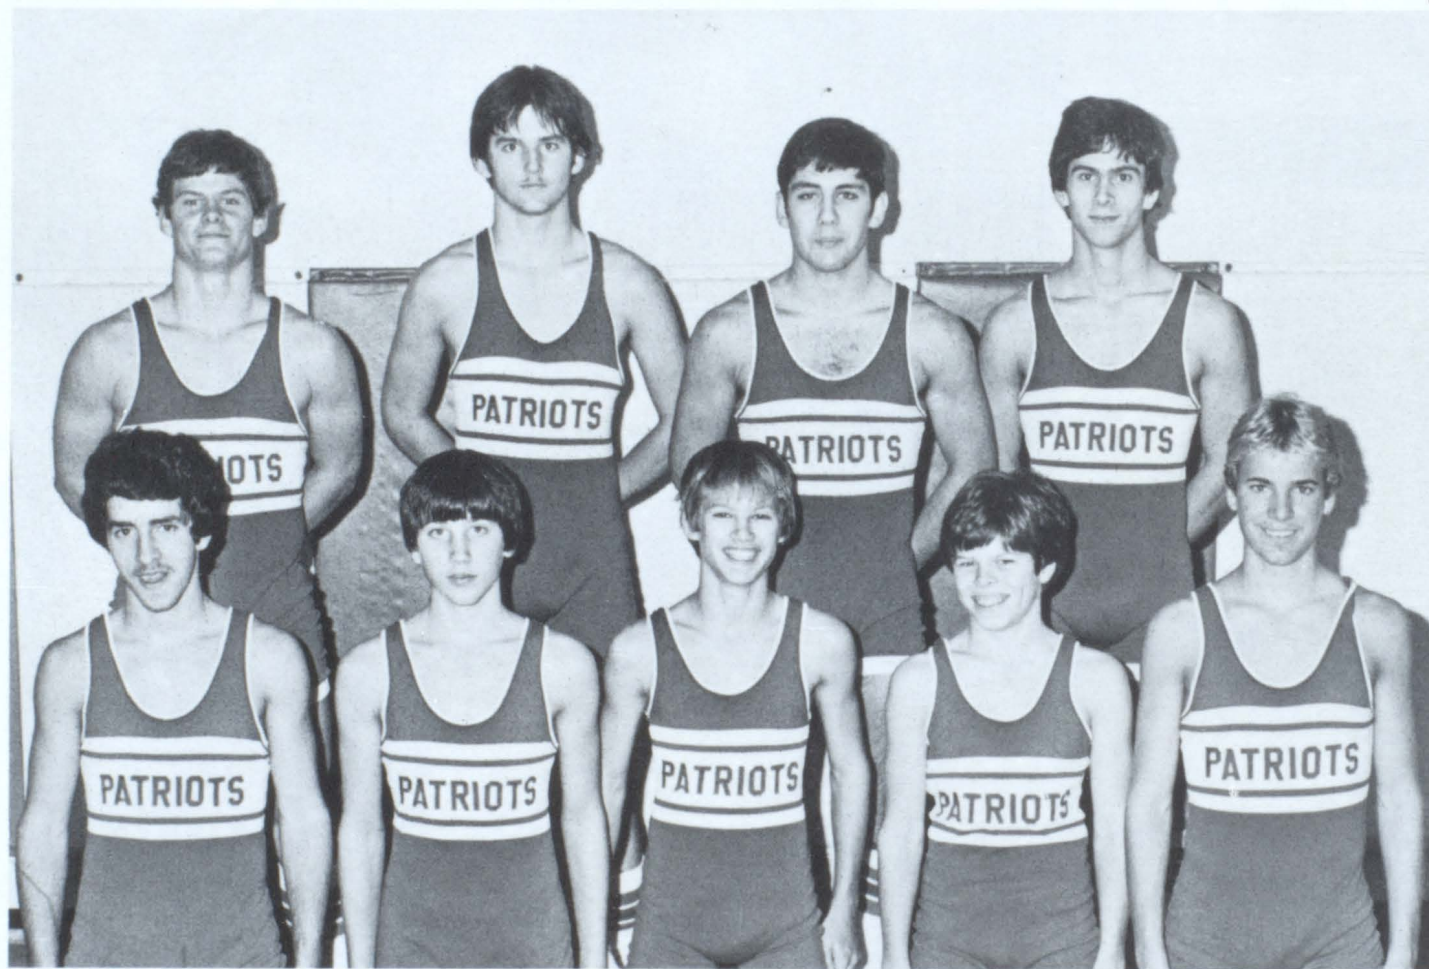

Patriot wrestling ended its season with a record of 6-11. They started slowly. However, they improved each match and did very well in the P. A. C. Coach Clayton commented, "I was disappointed in the outcome of the P. A. C. individuals. I felt like we had some individuals who could have done much better."

The wrestling team finished third in the conference this year. Coach Clayton felt the team morale was good. He summarized the season by saying, "Considering the number of weight classes we forfeited, I think we did well."

Individually, Darren Burnett set a new single game scoring record with a forty-one point performance. Coach Hein said, "The season was somewhat disappointing. We were hit with a lot of injuries. This caused inconsistency to take over. It hurt our team morale and leadership. However, we will have much more experience next season."

# Cooks Prepare Food

Every morning the school kitchen comes alive as the 9 cooks start the preparations for the mid-day meal.

To feed over one thousand students and fifty faculty members takes large amounts of food, not to mention the planning that goes into each and every meal. Despite this, the competent cooks, with the help of a very modern kitchen, see that the meal is always ready to be served by noon.

1

1. Nadine Ray, head cook, plans out the meals for the coming week. 2. Our hard working cooks are Rosie Dauby, Barbara Huffman, Evie Criss, Opal Poth, Peggy Nord, Betty Leiberling, Ethel Flamion, and Louise Held. 3. Margie Huffman is cleaning the tables, one of the many jobs that the cooks do each day. 4. Our snackshop is popular with many students who stop before or after school.

When students get the hungries, this is where they go.

The chilled juice machine is a new addition in our cafeteria.

During lunch, students enjoy fresh milk.

KNOWLEDGE IS A GROWING EXPERIENCE

... and we know how difficult it can be. Whether it be going on to college or working on the job, it is important for us to acquire as much knowledge as possible. For when we stop trying to acquire knowledge, stop trying to expand our horizons, stop trying to find out what's behind the next corner, we lose the distinction between us and animals. We lose the ability to think and the rationale to support our existence.

Gather knowledge; you'll be glad you did.

# CLOSING

"It's not where we are, but in what direction we are moving."

Oliver Wendell Holmes

Bobbie Fuchs, Chris Hendren, Darrin Barnett, and Lynn Duss organize pictures for the sports section.

Jackie Mullis searches for candid photos for the closing.

# Memories Staff Captures Moments

We used huge amounts of time, energy, and creativity to capture moments that reflect the 1982-83 school year. We hope that you've enjoyed these brief, shining moments as much as we have.

We thank the following for their assistance: Steve Pumphrey, Inter-Collegiate Press, for his guidance; Raphael Greulich, professional photographer; THE JOURNAL-DEMOCRAT; THE DALE NEWS; and THE HERALD.

In closing, we will never forget the parts of our lives which focused on Heritage Hills High School and its quest to reach for the stars.
